Topics Discussed:

- After working on the diagrams we were more precise on what we were dealing with. So it was easier to better analyse the problems that occurs with our diagrams. This was the main focus of this meeting.
- The diagrams that we mostly discussed on were: class diagrams, collaboration diagrams, component diagrams, DBD and sequence diagrams.
- Decided to make meeting report number 9
- It was told all the group members to be careful with their work on the project in order to have a good collaboration.

Decisions Made:

- Decided to continue working on the diagrams on the exact same way that we were working.
- Decided to conclude the whole work until Tuesday, in order to analyse it before the Wednesday Lab hour.
- Decided for the next meeting, which will be after the day that we will finalise our report with all the diagrams.

Tasks Assigned:

- Each team member will continue to work with the left diagrams as requested, concretely: deployment diagrams, object diagrams, state diagrams.
- Improve our diagrams in order to have a good final project.
- Close everything on the report until Tuesday.

Time, Place, and Agenda for Next Meeting:

- 09/05/2019, 15:00-16:00, Epoka Campus
- Next Meeting Agenda:
 - A meeting mainly focused on the coding and the work from now on will be focused mostly on that.

- o Share suggestions and ideas, brainstorming with all the members and the professor.
