Moderator: Jona Cara

Recorder: Shejla Domnori

Other Members Present: Fiori Fizi, Halisa Quku, Valentina Roçi, Jorid Spaha

Members Absent: None

Topics Discussed:

- This week our focus was mostly on the diagrams that we were working on.
- During this week 4 types of diagrams were made, concretely: activity diagrams, use case diagrams, data flow diagrams and class diagrams.
- By the time we made the meeting, we suggested the things that needed to be changed on those types of diagrams and things we needed to add
- Also discussed on the changes that are being made on the coding part with the log in page and its connection with the database.

Decisions Made:

- Decided to continue working on the diagrams on the exact way that we were working.
- Start working on the diagrams which are left and check if they follow the same idea as other diagrams.
- Decided for the next meeting date and what we are going to work with.

Tasks Assigned:

- Each team member will continue to work with its diagrams as requested.
- We all will work with each other in order to have a good collaboration and to share the same ideas.
- Improve our diagrams in order to have a good final project.

Time, Place, and Agenda for Next Meeting:

- 06/05/2019, 15:00-16:00, Epoka Campus
- Next Meeting Agenda:
 - Discuss on the diagrams that we already worked with during the week.
 - Add the suggestions that our professor will give during the lecture on Monday.

- o See how the work is going with the coding part and its connection with the database.
- o Share suggestions and ideas, brainstorming with all the members and the professor.
